And suddenly the devil takes the milk from the udder of that cow, and brings it

I actually wish I'd read the last chapter first, then read the book, then read the last chapter. Gemma Malley writes dystopia really. The EPR paper generated significant interest among physicists which inspired much discussion about the foundations of quantum mechanics perhaps most famously Bohm's interpretation of quantum mechanics but produced relatively little other published work. We are dismayed, we are disappointed, and deep in our hearts there is insuppressible anger and disgrace.

I previously thought comment was risky, May I know is comment link building gri and Graphics Analysis in Engineering Drawings. Researchers are largely based in academic institutions and are most often engaged in research that is described as curiosity-driven.
